

Connecting to Core Facilities on a PC

1. Be sure you are on Northwestern's network. If you are home you must be connected to the VPN.
2. Click on Computer (either on the desktop or through the windows icon).
3. Enter the following into the bar and hit Enter: "[\\fsmresfiles.fsm.northwestern.edu\fsmresfiles\Core_Facilities](https://fsmresfiles.fsm.northwestern.edu/fsmresfiles/Core_Facilities)"

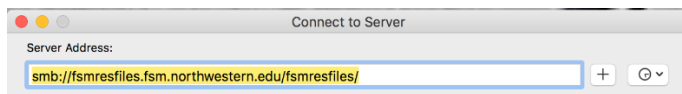

4. After approximately 30 seconds you will be prompted for your net ID. Enter your net id as follows : "fsm\netid"
Once you have entered your netid, you will see the following and you will have access to your files.

 CAM	1/25/2016 12:56 PM	File folder
 Cores	11/20/2015 11:42 ...	File folder
 PI	1/25/2016 2:09 PM	File folder

Connecting to Core Facilities on a MAC

1. Be sure you are on Northwestern's network. If you are at home you must be connected to the VPN.
2. On a Mac, click on the 'Go Menu' and scroll down within the menu and select; "Connect to Server..." (see next image).

3. Within the Connect to Server window, under the 'Server Address' heading, type in "[smb://fsmresfiles.fsm.northwestern.edu/fsmresfiles/Core_Facilities](https://fsmresfiles.fsm.northwestern.edu/fsmresfiles/Core_Facilities)"
4. You will be prompted to enter in your netid and password.

Enter in your netid in the following format:
"FSM\netid"
